Construction Announcement:

Early last year (before we really got into pandemic issues), we approved the construction of a new metal building adjacent to the Recreation and Outreach Building. This building will serve as the “bus barn” for the new vehicles we will ultimately purchase and as a storage facility for overflow supplies for the Nichols Mission Building. Construction is scheduled to begin April 1. At a future point, this building will also be tied into the ROC so that we can go back and forth between the buildings during inclement weather if needed. If you have any questions about the new building, please feel free to contact members of the staff, the Building and Grounds Committee, or the Finance Committee.
